

2021 Fe Wines Cabernet Sauvignon

The 2021 Cabernet Sauvignon is based on 82% Cabernet Sauvignon and small portions of Cabernet Franc, Petit Verdot, and Malbec. As with the Blend 26, it has incredible purity and precision in its blue-tinged fruits as well as flowers, graphite, and crushed stone-driven aromas and flavors. I love its complexity, it's medium to full-bodied, has fine, fine tannins, and just about flawless overall balance. It shows the slightly more restrained, seamless, yet structured style of the vintage beautifully. This tour de force deserves 4-6 years, if not a decade, of bottle age and will have three decades or more of overall longevity.
